Testimonials

“Over the past number of years, Advant Medical has used many facilities within the Clayton Hotel Galway service offering including corporate accommodation and meeting, events and dining facilities. The professionalism of the entire staff and their attention to detail is apparent throughout. The service and costing continues to exceed our expectations as customers and we look forward to continuing our corporate business into the future.”

Debra O’Loughlin
Managing Director of
Advant Medical

“We are so grateful to the entire team at the Clayton Galway for making our conference such a success. We had over 300 delegates in the hotel for our event and we received brilliant service from our initial planning meetings, right up until checkout. All the staff were extremely helpful and professional on both days and nothing was too much trouble for them. Our conference has many elements – plenary sessions, parallel breakouts, exhibitors, music/drama from local students, networking elements, two different lunch breaks, a gala dinner, etc. The hotel worked really well for all of this. The fact that all the breakout rooms are on the one level and on the same corridor helps make everything run smoothly. I would not hesitate in recommending the hotel for a conference similar to ours as the staff members are excellent and the conference spaces work really well.”
